**MUNICIPALITY OF McDOUGALL
BY-LAW NO. 2017-05**

BEING a By-law to regulate the use of land and the character, location and use of buildings and structures in the Municipality of McDougall.

The Council of the Corporation of the Municipality of McDougall, pursuant to Section 34 of the Planning Act, R.S.O. 1990.

ENACTS AS A BY-LAW AS FOLLOWS:

SECTION 1 - TITLE AND INTERPRETATION

- 1.01 This By-law may be cited as the Municipality of McDougall ("the Municipality") Zoning By-law ("this By-law").
- 1.02 The Maps annexed hereto as Schedules of this By-law are declared to be part of this By-law.
- 1.03 For the purposes of this By-law, the definitions and interpretations set out herein shall govern.
- 1.04 Nothing in this By-law shall be construed to exempt any person from complying with the requirements of any other by-law of the Municipality or of any law of the Province of Ontario, or Canada.
- 1.05 The provisions of this By-law are held to be the minimum requirements adopted for the promotion of the public health, safety, convenience or general welfare of the Municipality.
- 1.06 In the event of an inconsistency or conflict between two or more provisions in this By-law, the more restrictive provision shall prevail.
- 1.07 The provisions of this By-law may not apply to Crown land. However, this By-law reflects the established planning policies of the Municipality and it is intended that the Crown shall have regard for the provisions of this By-law.
- 1.08 Numerical figures used in this By-law are given in metric units and are intended to provide the sole standard governing the provisions of this By-law. Conversions of these metric units to equivalent imperial units may be deemed acceptable by the Municipality when the conversion is made to at least two decimal places.
- 1.09 In this By-law, words importing the singular number include, where appropriate, more persons, parties or things of the same kind than one, and a word interpreted in the singular number has a corresponding meaning when used in the plural.
- 1.10 The provisions of this by-law will not be interpreted to make lawful any uses not permitted by By-law Nos. 82-21, 96-10, 2000-10 or amendments thereto.
- 1.11 Where the permitted uses contained in the various zones in this By-law do not list a specific use in that Zone, this By-law shall be interpreted to deem that such uses are to be prohibited in the respective zones.

SECTION 2 - DEFINITIONS

In this By-law:

- 2.98 **Lodge**: shall mean a tourist establishment catering to the vacationing public by providing meals and sleeping accommodation with at least five guest rooms or cabins, but shall not include any establishment otherwise defined or classified in this By-law.
- 2.99 **Loft**: means a storage area within a sloping roof. If the area is used for any purpose other than storage, the area within the sloping roof shall be considered a storey.
- 2.100 **Lot**: means a single, separate parcel of land, which is capable of being conveyed, whether such a parcel is described in a registered deed or is shown in a registered plan of subdivision, including any of its parts which are subject to right-of-way or easement.
- 2.101 **Lot Area**: means the total horizontal area within the lot lines of a lot. In the case of a corner lot having a sight triangle or having street lines rounding at the corner with a radius of 6 metres or less, the lot area of such lots shall be calculated as if the lot lines were extended to their point of intersection.
- 2.102 **Lot, Corner**: means a lot situated at the intersection of and abutting upon two or more roads provided that the angle of intersection of such roads is not more than 135 degrees.
- 2.103 **Lot Coverage**: means the percentage of the lot area covered by buildings and structures, including accessory buildings, but not including buildings located over the Crown lake bed or uncovered structures.
- 2.104 **Lot Depth**: means the horizontal distance between the front and rear lot lines. Where the front and rear lot lines are not parallel, it shall be the length of a straight line joining the mid-points of these lines. Where the side, front and rear lot lines are not determinable, the lot depth shall be the maximum separation between any two points on the boundary of the lot.
- 2.105 **Lot Frontage**: means the horizontal distance between the side lot lines measured along the front lot line, but where the front lot line is not a straight line, or where the side lot lines are not parallel, the lot frontage is to be measured either by a line equal to the minimum front yard measured back from and parallel to the chord of the lot frontage, or by the chord of the lot frontage, whichever is the greater. For the purpose of this paragraph, the chord of the lot frontage is a straight line joining the two points where the side lot lines or the lines, as defined in Section 2.95, extending from the side lot lines intersect the front lot line.
- Where the side, and/or front and/or rear lot lines are not determinable, the lot frontage shall be the distance of the maximum separation between any two points on the boundary of the lot.
- 2.106 **Lot Line**: means any boundary of a lot or the vertical projection thereof.
- 2.107 **Lot Line, Front**: means, in the case of an interior lot, the line dividing the lot from the road. In the case of a corner lot, the shorter lot line abutting a road shall be deemed to be the front lot line and the longer lot line abutting the road shall be deemed to be a side lot line. In the case of a through lot, the lot line where the principal access to the lot is provided shall be deemed to be the front lot line.

In the case of a lot with water frontage on a navigable waterway, the front lot line shall be the highwater mark of such waterway. In the case of a lot fronting on a road allowance or Crown Reserve along the shore of a navigable waterway, the front lot line shall be measured between the points where two straight lines extended from the intersection of the side lot lines with the inner limit of that shoreline road allowance or Crown Reserve intersect at an angle of 90 degrees

with the highwater mark.

- 2.108 **Lot Line, Rear**: means the lot line opposite the front lot line.
- 2.109 **Lot Line, Side**: means any lot lines other than the front lot line and the rear lot line.

3.01 Zones

For the purpose of this By-law, the following Zones are established and are shown on the various sheets comprising Schedule 'A' to this By-law:

Zone	Zone Symbol
RURAL	RU
RESIDENTIAL RR	
MULTIPLE RESIDENTIAL	RM
WATERFRONT RESIDENTIAL 1	WF1
WATERFRONT RESIDENTIAL 2	WF2
WATERFRONT RESIDENTIAL 3	WF3
WATERFRONT RESIDENTIAL 4	WF4
WATERFRONT RESIDENTIAL 5	WF5
WATERFRONT RESIDENTIAL 6	WF6
COMMERCIAL	C1
TOURIST COMMERCIAL	C2
RESORT COMMERCIAL	C3
INDUSTRIAL	M1
LIGHT INDUSTRIAL	M2

INDUSTRIAL PIT	M3
INDUSTRIAL PIT & QUARRY	M4
WASTE DISPOSAL	M5
OPEN SPACE	OS
ENVIRONMENTAL PROTECTION	EP
FLOOD PLAIN	FP
SPECIAL PROVISIONS	SP
LIMITED SERVICES	LS
HOLDING	H

and no person shall use any land or erect, alter or use any building or structure except in accordance with the provisions of this By-law.

3.02 Zone Boundaries

Where the boundary of a zone does not coincide with a road, a railway right-of-way, a lot line, the boundaries of registered survey plans, or a natural feature such as a creek, stream or shoreline, the location of the boundary line shall be scaled from the Zoning Maps - Schedule 'A'.

3.03 Accessory Uses

- a) Where this By-law provides that land may be used or that a building or structure may be erected, altered or used for a purpose, that purpose shall be deemed to include any accessory building or structure or any use incidental thereto excepting those lands within an Environmental Protection Zone. Subject to the provisions of Section 3.65, an accessory building, structure or use may only be established once the main building, structure or use has been established.
- b) Except as may be provided elsewhere in this By-law, any accessory building or structures which is not attached to the main building shall be erected behind the front line of the main building or shall comply with the front yard requirements of the zone in which the main building is situated whichever is the lesser. Such accessory buildings or structures shall not occupy more than 5 percent of the lot area.
- c) Notwithstanding Sub-paragraph (b) above, a dock , wharf, marine railway, sauna or gazebo may be located in the front yard, side yard or rear yard where a lot abuts a navigable waterway, provided that the approval of any other governmental authority having jurisdiction has been obtained and provided that the dock , wharf, marine railway, sauna or gazebo is located not closer than 6 metres to the side lot line and does not encroach upon said 6 metre side yard when the lot boundaries are extended into the water. This provision would not allow buildings and structures to be located in an Environmental Protection Zone. Any side line extension into the water shall apply to a maximum distance of 30 metres.
- d) Where an accessory building is used for a Home Industry, as referred to in 3.32, such buildings shall be located on the lot at a setback from any abutting road or street which is 15 metres greater than the setback required by this By-law for the main building on the lot.
- e) The use of any accessory building or structure, other than a sleeping cabin or half storey within a detached garage, for human habitation is not permitted, except where a dwelling unit is a permitted accessory use. The use of any accessory building or structure for the keeping of animals, other than domestic pets, is not permitted in any Residential or Waterfront Zone unless specifically authorized by the provisions of that zone.

- f) Notwithstanding sub-paragraph a), b), c), d) and e) above, no accessory buildings, structures or uses are permitted on a lot where the principal use on the lot is a storage building.
- g) Tent-like, portable structure used to shelter vehicles or materials are permitted accessory structures to a RR, WF1-WF6 and RM use subject to a maximum of one for any given property and no such structure shall exceed 60m².

3.04 Application of By-law

This By-law applies to all lands within the Municipality.

Notwithstanding the provisions of Section 3.02, where any Zone on the Schedules abuts a waterway, such Zone shall be deemed to extend into the waterway and to apply to any water lots, Crown lake bed or any land created by changing lake levels, land fill operations or by any other means, and to extend over all docks, boathouses, breakwalls, groins, seawalls, cribs, anchorages and floating or buoyant structures, boats or barges whether or not they are fastened to the shoreline, beached or anchored to the Crown lake bed.

No building or structure shall be erected, altered or used, and the use of any building, structure or lot shall not be changed in whole or in part except to accord with only those uses expressly permitted by the provisions of this By-law.

3.05 Automobile Service Establishment or Public Garage

Notwithstanding the provisions of this By-law and Schedule 'A' attached hereto, a pump island may be located within any front yard or exterior side of an automobile service establishment or public garage, provided that:

- a) the minimum distance between any portion of the pump island and any lot line shall be 6 metres; and,
- b) where the lot is a corner lot, no portion of any pump island shall be located closer than 4 metres to the base of a sight triangle.

3.06 Bed and Breakfast

A bed and breakfast is a permitted use in any zone excepting a Waterfront Residential Zone subject to the following:

- (a) A maximum of 3 guest rooms will be provided for in the main single detached dwelling;
- (b) The bed and breakfast shall not change the character of the main single detached dwelling on the lot; and,
- (c) Where the bed and breakfast is located and used in combination with a home industry or home occupation, no more than 35% of the total floor area of the main dwelling may be used for a combination of these purposes.

3.07 Boathouses/Boatports

Except where permitted in the Tourist Commercial (C2) Zone, no person shall use land adjacent to, or on a navigable waterway for, the purpose of a boathouse/boatports.

3.08 Bridges, Causeways and Watercrossings

Any bridge spanning or crossing a navigable waterway or two points of land will require approval under the Bridges Act where applicable.

No person shall use any lot adjacent to a waterway for the purpose of erecting a structure or placing material for the construction of a roadway, walkway, bridge or causeway to join two lots, islands and/or parcels separated by navigable water without obtaining the appropriate authorization from any government authority having jurisdiction.

3.09 Buffer Areas

Anywhere in this by-law where a buffer area is required, it shall consist of an area to remain in its natural state where native vegetation is to remain undisturbed.

The buffer area shall be located within the zone where it is required and will be maintained to preserve a natural vegetative screen.

Exceptions may be made in buffer areas for pathways, the removal of dead or hazardous trees or the thinning of trees for views.

3.10 Building in a Built-up Area

Despite the yard and setback provisions of this By-law, where a permitted building and structure is to be erected on a lot in a built-up area where there is an established building line, such building or structure may be erected closer to the front lot line up to a maximum of five metres than required by this By-law provided that such building or structure is not erected closer to the front lot line than the established building line on the date of the passing of this By-law. This provision does not apply to waterfront zones.

3.11 Building Repair and Reconstruction

3.11.1 Non-Complying Lots

- (a) Where a dwelling unit legally existed on a lot with inadequate frontage, depth or area requirements, it may be enlarged provided there is compliance with all applicable provisions of this By-law.
- (b) A dwelling unit is permitted use on a lot having less area, frontage and depth required by this By-law provided there is compliance with all applicable provisions of this By-law including 3.40.

3.11.2 Non-Complying Buildings - Waterfront Zones

- (a) Where a dwelling or accessory building legally exists on a lot zoned WF1 to WF6 inclusive and that dwelling does not comply with the yard, height or coverage requirements of this By-law, nothing shall prevent the repair or reconstruction of that dwelling or accessory building so long as the repair or reconstruction does not further contravene the yard, height or coverage requirements of the by-law and further provided that any reconstruction is located on the same footprint as the existing dwelling or accessory building.
- (b) Notwithstanding the provisions of 3.11.2(a) above, where a dwelling unit encroaches upon the required front yard in a WF1 through WF6 zoning, the dwelling may be enlarged, repaired, replaced or renovated in that yard provided that the enlargement, repair, replacement or renovation does not further contravene the front yard and complies with the following:

Existing Front Yard	Maximum Allowable Gross Floor Area Increase
<3m	50m ²
>3m - <6m	75m ²
>6m - <10m	100m ²

Provided that all other applicable zone regulations and provisions are met.

The expansion of a legal noncomplying building in accordance with the above chart will only apply once over the life of this by-law.

3.11.3 Non-Complying Buildings - Residential Zones

Where a dwelling or accessory building legally exists on a lot zoned RU, RR or RM, that dwelling or accessory building may be enlarged, repaired, replaced or reconstructed so long as the repair, enlargement, replacement or reconstruction of such building does not further contravene the yard, height or coverage requirements of this By-law.

3.11.4 Non-Complying Buildings - All Zones

Legal non-complying accessory buildings or structures may not be enlarged or extended except where the enlargement or extension does not increase the non-complying feature and complies with all other applicable provisions of the by-law.

3.12 Buildings to be Moved

No building or structure which would have required a building permit for its construction shall be moved to any location within the Municipality without the issuance of a building permit from the Municipality. This requirement does not apply to the temporary removal or placement of a floating dock or docks for winter storage.

3.13 Certificate of Occupancy

No change may be made in the type of use of any lot covered by this By-law or of any building or structure on any such lot or of any part of such lot, building or structure, until a Certificate of Occupancy has been issued by the Municipality to the effect that the proposed use complies with this By-law.

3.14 Connections Between Buildings

Buildings are deemed to be detached even though they may be connected by an unenclosed passageway, breezeway or roof. There must be a shared wall to consider any building attached.

3.15 Continuation of Farming Use

Nothing in this By-law shall prevent the continued use of any land, building or structure for farming purposes or any addition or extension of such use provided that any such additions or extensions shall comply with the requirements for a Rural (RU) Zone as to coverage, yard and height provisions.

3.16 Converted Dwelling

A converted dwelling is permitted in any zone except the WF1 to the WF6 zones provided that:

- (a) there is no substantial change in the character of the single detached dwelling;
- (b) the converted dwelling does not exceed the floor area of the main dwelling;
- (c) there is a separate entrance; and
- (d) compliance with all other by-law and Building Code requirements.

3.17 Crown Land

It is recognized that this By-law may not apply to Crown land. However, this By-law shall apply to any Crown land that is authorized to any private individual, corporation or organization by means of any patent, lease or permit where upon any general provisions or zone requirements shall apply.

Where any zone abuts a waterway, such zone shall be deemed to extend in to the waterway and apply to any waterlots, flooded or Crown land or Crown lake bed.

3.18 Decks

Notwithstanding the yard and setback provisions of this By-law, a detached accessory deck on a lot zoned for residential use adjacent to a recreational waterbody may be located in the front yard up to 2.0 metres from the high water mark, if the total area of the deck does not exceed 20 square metres and if the floor of the deck is no more than 2.0 metres above the average grade of the land over which it is located and provided the lands are not located in an Environmental Protection Zone.

3.19 Docks

- (a) No more than two docks are permitted for each property.
 - (b) All docks must have a minimum 6 metre side yard including the straight line extension of the side yard into the water up to a distance of 30m.
 - (c) No dock can exceed 30 metres in length perpendicular to the shoreline.
 - (d) No individual dock or dock system can exceed 100m².
 - (e) The maximum cumulative area of all docks cannot exceed 200m².
 - (f) The maximum cumulative width of any dock or docks cannot exceed 25 metres or 30 percent of the lot frontage, whichever is lesser.
 - (g) Walkways or stairways to the water's edge not exceeding 2 metres in width shall not be considered part of the total dock area.
 - (h) No dock shall extend more than 25% of the total distance across an adjacent waterway.
 - (i) All docks must be approved by the appropriate government authority where applicable.
 - (j) No lights shall be permitted on a dock unless the light is authorized or required by the appropriate government authority.
 - (k) A dock may be permitted in an Environmental Protection (EP) Zone where authorized by the appropriate government authority.
 - (l) No buildings or structures are permitted on docks
 - (m) No buildings or structures are permitted on docks except as follows:
 - (i) tent-like structures for the purpose of shade protection consisting of canvas or plastic material with open sides that have a maximum area of 60 square metres, a maximum mean height of 2.4 metres; and where said structures are capable of being removed;
 - (ii) water slide not exceeding 3.0 metres in height and 5 metres in length;
 - (iii) a diving board not exceeding 1.0 meters in height.
- for the purpose of this section, height is measured from top of dock to peak of structure.
- (n) A dock is a permitted accessory use once the main use is established except that a dock is a permitted temporary use for vacant water access properties.
 - (o) A building permit will not be required for the seasonal storage of a dock structure or minor locational changes to accommodate fluctuating water levels.
 - (p) A marine railway will be subject to a 6 metres side yard.

3.20 Dredging and Filling

No person shall dredge or fill any navigable waterway or wetland unless:

- a) specifically authorized by the provisions of this By-law;
- b) such lands or waters are zoned in a Commercial (C) or Industrial (M) Zone;
- c) such dredging is specifically intended for channelization on Georgian Bay in response to periods of low water; and
- d) such dredging has been authorized by any government agency having jurisdiction in consultation with Council subsequent to the completion of any relevant assessments.

Note: The provisions contained in this section are authorized under Section 34 of the Planning Act and apply to the regulations of buildings, structures and the use of land. Other associated activities are not regulated by this Section.

3.21 Dwelling Unit in Non-Residential Building or Lot

No person shall use any land, or erect, alter or use any building or structure for the purpose of a separate dwelling unit or units on a lot in a C1, C2, C3, M1, M2, M3 or M4 zone, unless the following provisions are met:

- a) Up to two single dwelling units are permitted for the personal use of the owner, operator or an employee of the non-residential use, provided that each unit has a water supply and sewage system, which has been approved by the appropriate authority.
- b) The dwelling unit or units has a minimum floor area in accordance with the requirements of the Building Code Act.
- c) The dwelling unit or units has separate washroom and kitchen facilities from those of the non-residential use.
- d) Each dwelling unit shall have a separate parking space in addition to the parking spaces otherwise required for the non-residential use(s).
- e) The dwelling unit or units shall have a separate building entrance to that provided for the non-residential use.
- f) The gross floor area of the residential portion of a non-residential building in a Commercial or Industrial Zone shall not exceed 50 per cent of the total floor area.

Notwithstanding the provisions of this By-law, no dwelling unit shall be located in a non-residential building that is used for an Automobile Service Establishment or a Public Garage.

3.22 Existing Buildings on Lots With Inadequate Requirements

Where one or two single detached dwellings legally existed on a lot with inadequate frontage, depth or area requirements, either may be enlarged provided there is compliance with all other applicable provisions of this By-law.

The Limited Services "LS" symbol attached to any WF zoned lands means that the lands do not have direct frontage or access to a publicly maintained, year round road. The "LS" zoning symbol indicates that the provision of full municipal road services and access to the affected property by emergency vehicles may not be available.

3.39 Loading Space Regulations

a) Loading Space Requirements

The owner or occupant of any non-residential lot, building or structure erected or used for any purpose involving the receiving, shipping, loading or unloading of persons, animals, goods, wares and merchandise and raw materials, shall provide and maintain at the premises on the lot occupied by the building or structure and not forming part of a street or lane, within the zone in which such use is located, one loading or unloading space 10 metres long, 3.5 metres wide and having a vertical clearance of at least 4 metres for each 450 square metres of floor area of the building or structure provided, however, that adequate space shall be provided for the parking of vehicles awaiting access to loading spaces. No loading space will be required for buildings less than 450 square metres of floor area.

b) Access

Access to loading or unloading space shall be by means of a driveway at least 6 metres wide.

c) Loading Space Surface

The driveways, loading and unloading spaces shall be constructed and maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles and with provisions for drainage facilities.

d) Location

The loading space or spaces required shall be located in the interior side or rear yard unless set back from the street line a minimum distance of 25 metres.

- e) When a building or structure has insufficient loading space at the date of passing of this By-law to comply with the requirements herein, this By-law shall not be construed to require that the deficiency be made up prior to the construction of any addition. No addition may be built however, and no change of use may occur, the effect of which would be an increase in that deficiency.

3.40 Lots Having Less Area, Frontage or Depth Than Required

Where a lot having a lesser frontage, area or depth than is required by this By-law is:

- (a) held under distinct and separate ownership from abutting lots on or before the date of passing of this By-law; or,
- (b) a lot on a registered plan of subdivision; or,
- (c) a lot created as a result of a consent granted by the Minister under the provisions of the Planning Act; or,
- (d) created as a result of an expropriation or other land acquisition by any authority having statutory powers of expropriation; or,
- (e) a lot created as a result of the granting of a consent by the land division authority;

and where such a lot has a frontage of at least 30 metres, and a depth of at least 60 metres, or an area of at least 1,800 square metres, such lot shall be deemed to conform to the area, frontage and depth requirements of this By-law.

No person shall use any land, or erect, alter or use any building or structure for the purpose of extracting any minerals unless a permit has been issued under the Mining Act.

3.44 Mobile Homes

No person shall erect, locate or use any mobile home or homes except those located within a licensed mobile home park.

3.45 Multiple Zones

Where a lot is divided into more than one zone, each portion of the said lot shall only be used in accordance with the provisions of the zone governing that portion.

3.46 Non-Conforming Uses

Continuation of Existing Uses

The provisions of this By-law shall not apply:

- a) to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was lawfully used for such purpose on the day of

the passing of this By-law, so long as it continues to be used for that purpose.

In the case of a mobile home or trailer that is a nonconforming use, once the mobile home or trailer is removed, the legal nonconforming status is lost; or

- b) to prevent the erection or use of any building or structure for which a permit has been issued under the Building Code Act, prior to the day of passing of this By-law, for a purpose prohibited by this By-law, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the permit has not been revoked under the Building Code Act;
- c) For the purpose of this Section, any dock used as such at the time of the incorporation of the Municipality shall be deemed to be lawfully used, notwithstanding the fact that it may have been constructed without an Improvement Permit being issued or obtained pursuant to Section 17 of the Public Lands Act RSO, 1970; and
- d) the seasonal removal of docks does not affect their non-conforming status, provided they are returned to their former location.
- e) Residential Use in a Commercial Zone

Nothing in this By-law shall apply to prevent the alteration or enlargement of a residential dwelling unit or units existing on the day of passing of this By-law in a Commercial Zone, provided that the number of dwelling units is not increased and provided further that such alteration or enlargement is subject to all applicable general provisions and zone requirements of the Residential (RR) Zone.

3.47 Number of Dwelling Units on One Lot

Only one dwelling unit shall be permitted on any lot. Exceptions to this provision include:

- i) An additional dwelling unit in a separate building for the accommodation of a farm worker and his family is permitted where the lot is greater than 25 hectares in area;
- ii) A converted dwelling or an accessory apartment where the lands are zoned Rural (RU), Residential (RR) or the Multiple Residential (RM) zone;
- iii) A garden suite in accordance with the provisions of this by-law;
- iv) An additional dwelling in an accessory or ancillary structure where there is no second dwelling in the main dwelling but excluding any Waterfront Residential (WF) Zone;
- v) Only one additional dwelling is available on any lot where a second unit is a permitted use. A secondary dwelling is permitted on any nonwaterfront lot so long as there is no other form of second dwelling unit permitted in this section. Such secondary dwelling may be permitted within the main dwelling or an accessory structure so long as the secondary dwelling floor area does not exceed the floor area of the main dwelling.

3.48 Occupation of Unserviced or Incomplete Dwelling

No building shall be used for human habitation before the sanitary facilities have been installed and made fully operational as required by the local approval authority.

3.49 Outdoor Wood Burning Furnace

An outdoor wood burning furnace, which is used for the space heating of buildings and structures, is permitted subject to the following requirements:

- i) An outdoor wood burning furnace is not permitted in an RR, WF1 - WF6 or RM Zone;

- ii) An outdoor wood burning furnace must be setback from an adjoining dwelling a minimum of 30 metres.
- iii) The minimum setback from any lot line for an outdoor wood burning furnace shall be 20 metres; and
- iv) The construction or installation of an outdoor wood burning furnace is not permitted without a building permit from the Township and must comply with the manufacturer's installation instructions.

3.50 Parking Area Regulations

Parking spaces and areas on every lot having access by road are required under this By-law in accordance with the following provisions:

(a) Parking Space Requirements

Every building or structure erected or used for any of the following purposes shall have the following parking spaces and areas:

Marina	1.25 parking spaces for every docking slip.

b) Parking Area Requirements

Parking areas shall conform to the following provisions:

- (i) the parking area shall be located on the same lot as the use it is intended to serve, except in the case of a water access lot where the parking area shall be located in a zone where such use is permitted by this By-law or within 500 metres of the lot it is intended to serve in the case of a commercially zoned property;
- ii) each parking space shall be at least 3 metres by 6 metres and shall be provided with unobstructed access to a street directly or by way of a driveway, aisle, lane or private road;
- (iii) any parking area designed to serve water access lots shall have a minimum area of 100 square metres for each lot to be served and no parking shall be permitted within 15 metres of the high watermark or within 6 metres of any side lot line abutting a lot in a Residential Zone and be owned by or registered on title to the water access land owner.

C) Parking Area Surface

In a Commercial or Industrial Zone, a parking areas and driveways or aisles connecting the parking areas with a street shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles. The parking area shall, before being used, be constructed of crushed stone, slag, gravel, crushed brick (or tile), cinders, asphalt, concrete, Portland cement binder or like material and with provisions for drainage facilities which have been designed and constructed so as to prevent erosion, the washout of such parking areas, driveways or aisles or the carrying of soil, sand or sediment into an adjacent waterway.

d) Ingress and Egress

- (i) Ingress and egress, to and from the required parking spaces and areas shall be provided by means of unobstructed driveways or passageways at least 4 metres but not more than 10 metres in perpendicular width.
- (ii) The maximum width of any joint ingress and egress driveway ramp measured along the street line shall be 10 metres.
- (iii) The minimum distance between a driveway and an intersection of street lines measured along the street line intersected by such driveway shall be 7 metres.
- (iv) The minimum angle of intersection between a driveway and a street line shall be 60 degrees.
- (v) Every lot shall be limited to the following number of driveways:
 - (1) Up to the first 30 metres of frontage - not more than 2 driveways; and
 - (2) for each additional 30 metres of frontage - not more than 1 additional driveway.

e) Illumination

Where parking areas are illuminated, lighting fixtures shall be so arranged that no part of any fixture shall be more than 8 metres above the finished grade of the parking area. Fixtures shall be so designed and installed that the light is directed downward and deflected away from adjacent lots, roads and streets.

f) Addition to Building or Structure

When a building or structure has insufficient parking area at the date of passing of this By-law, nothing in this By-law shall be construed to require that the deficiency be made up prior to the construction of any addition. No addition may be built, however, and no

change of use may occur, that would have the effect of further contravening the provisions of this By-law.

g) Use of Parking Spaces and Areas

Any area where parking is permitted under this By-law shall only be used for the parking of operational vehicles used incidentally to the permitted uses on the lot, bearing currently valid license plates or for the seasonal storage of boats.

h) Parking Area Location on Lot

Notwithstanding the yard and setback provisions of this By-law, uncovered surface parking areas in other than residential zones, shall be permitted in the required yard or in the area between the road or street line and the required setback provided no part of any parking area, other than a driveway, is located closer than 1 metre to any road or street line.

3.51 Pits and Quarries

No person shall use any land, or erect, alter or use any building or structure for the purpose of processing, washing, sorting, screening or crushing rock, gravel or sand except in conformity with the provisions of this By-law in accordance with a license issued under the Aggregate Resources Act.

The making, establishment or operation of any new pit or quarry, is prohibited except in the locations permitted and in accordance with the provisions of this By-law and the Aggregate Resources Act. Wayside Pits are permitted in all zones excepting the Residential (RR), Waterfront Residential 1 (WF1) to 6 (WF6) inclusive, Multiple Residential (RM), Open Space (OS) and Environmental Protection (EP) Zones subject to the requirements of the Aggregate Resources Act.

Any pit or quarry permitted by this By-law shall be set back a minimum of 120 metres from the high water mark of any navigable waterway and 50 metres from any public road or 20 metres from any side lot line except as otherwise provided in a license issued under the Aggregate Resources Act.

All setbacks, clearances or yards required for pits and quarries by this by-law will be measured from the working face of the pit or quarry or the edge of any stored or piles of material as set out in the license.

No pit or quarry activity may be permitted on any lands that are not within the Industrial Pit (M3) or Industrial Quarry (M4) Zone.

3.52 Prohibited Uses

Except as specifically permitted by this By-law, the following uses are prohibited:

- (a) any obnoxious use or noxious trade as defined under any Act;
- (b) boathouses and boatports located on or partly on any navigable waterway;
- (c) buildings or structures on docks except for those specifically permitted;

- (l) the keeping of exotic animals.
- (m) human habitation of any shipping containers, rail cars, street cars, truck bodies;
- (n) the use of any trailer for human habitation, except where such trailer is located in a permitted camping establishment, trailer park, mobile home park and habitation is temporary or seasonal in nature or in accordance with the provision of 3.71;
- (o) the use of any motor vehicle for human habitation except in accordance with 3.71; and
- (p) the use of any portable structure, motor vehicle, cargo container, truck, trailer, bus or coach body for sales other than where a license has been issued for vending only merchandise or food in accordance with any municipal licensing by-law.

3.53 Public Uses

Nothing in this By-law shall prevent any land, building or structure, other than in an Environmental Protection (EP) Zone, from being used:

- a) as a park, playground, cemetery, or as a site for a public statue, monument, cenotaph, fountain or other memorial or ornamental structure; or,
- b) by the Municipality or by any local board thereof, by any telephone, utility, or by any other government agency provided that:
 - i) no goods, material or equipment shall be stored in the open;
 - ii) the lot coverage and yard provisions prescribed for the zone in which the public use is located are complied with; and,
 - iii) any building erected pursuant to the provisions of this paragraph is designed and maintained in general harmony with the surrounding buildings.

3.54 Pumphouse Restrictions

Where a lot abuts a navigable waterway, a single pumphouse is a permitted accessory use which may be located in any front yard, side yard or rear yard provided that:

- (a) the pumphouse is set back at least 3 metres from the high water mark;
- (b) the maximum ground floor area of the pumphouse is 9 square metres;
- (c) the maximum height of the pumphouse is 3 metres; and
- (d) the pumphouse is not located in an Environmental Protection Zone.

3.55 Reduction of Requirements

No person shall change the purpose for which any land, building or structure is used, or erect any

new building, structure or addition to any existing building or structure or sever any land from any existing parcel, if the effect of such action is to cause the land or the original, adjoining or remaining buildings or structures to be in contravention of any of the provisions of this By-law.

3.56 Rentals

No person may use a dwelling or cottage as a rental unit in any zone unless it is specifically listed as a permitted use in that zone.

3.57 Sauna

A sauna is a permitted accessory building which may be located in any front yard, side yard or rear yard provided that:

- (a) approval is obtained from any government agency having jurisdiction;
- (b) the maximum height is one storey not exceeding 4 metres;
- (c) the maximum floor area is 25 square metres; and
- (d) an attached deck to any sauna may not exceed 10m².

(See also Section 3.03 (c)).

3.58 Seasonal Dwellings

For the purposes of the Building Code, a seasonal dwelling may be permitted in the Rural (RU) Zones and in a Waterfront Residential (WF1 – WF6) Zone where the Waterfront Residential property does not have direct frontage on a year round, publicly maintained road.

3.59 Septic Systems

A septic system shall comply with the requirements of the Ontario Building Code. In addition to complying with the Building Code, septic systems on lands adjacent to Lorimer Lake or Trout Lake must be located a minimum of 30 metres from the high water mark of these lots.

3.60 Setback From Environmental Protection Area

Notwithstanding the provisions of this By-law, all buildings and structures must be set back a minimum of 3 metres from all areas zoned Environmental Protection (EP) on Schedule 'A'.

3.61 Shore Road Allowance

Where a shore road allowance or Crown Reserve exists in front of any lot which has not been stopped up and acquired by the abutting land owner in whole or in part, the area of the shore road allowance or Crown Reserve above the high water mark between the extension of the side lot lines may not be considered part of the lot area or depth required by this By-law.

3.62 Shore Road Allowance as Yard

Notwithstanding the provisions of this By-law, where a shore road allowance or Crown Reserve exists in front of any lot, which has not been stopped up and acquired by the abutting land owner in whole or in part, a building or structure may be erected without a front yard provided the building or structure or any part thereof does not encroach upon the shore road allowance or Crown Reserve and is set back from the shoreline a minimum distance equal to the required front yard.

3.63 Short Term Accommodations

No person shall use any land or erect, alter or use any building or structure for the purpose of a short term accommodation use within any Residential (RR) Zone, or any Waterfront Residential

(WF1 – WF6) Zone.

3.64 Signs

The provisions of this By-law shall not apply to prevent the erection, alteration or use of any sign, provided such sign complies with the by-laws of the Municipality regulating signs.

3.65 Sleeping Cabins

Subject to Section 3.03, a sleeping cabin is a permitted accessory use on any lot zoned for residential use, subject to a maximum gross floor area of 50 square metres or does not exceed the ground floor area of the main dwelling on the lot, whichever is lesser.

A sleeping cabin may include a loft as defined in this by-law

An area of human habitation may be permitted on the upper floor of a detached garage if there is no sleeping cabin on the property.

3.66 Special Uses Permitted

The following uses are permitted in all zones within the Municipality provided that a building permit has been issued for the main building on the lot:

- a) Temporary camps used in the construction of public works but only for so long as it is necessary for such works as may be constructed adjacent to the camp and only until such time as the work is completed, or abandoned;
- b) A tool shed, scaffold or other building or structure incidental to the construction on the premises where it is situated and only for as long as it is necessary for the work in progress and until the work is completed or abandoned; and
- c) Where a building permit has been issued for the main building on the lot.

"Abandoned" in this Section shall mean the failure to proceed expeditiously with the construction of a work, specifically abeyance of construction for six months.

In all zones to which this By-law applies, a temporary accessory building or structure is a permitted use where such a building or structure is incidental to the construction of a main building or structure permitted by this By-law. Such a temporary accessory building or structure shall only be permitted while the work is in progress, or until the work is completed, for a time period which shall not exceed three years and only when a building permit has been issued for the main building on the lot.

3.67 Swimming Pools

The following provisions apply to outdoor swimming pools:

- a) For a single-detached, duplex, semi-detached and converted dwelling:
 - i) Swimming pools may not be constructed in a front yard, and not closer than 1 metre to any lot line, other than a street line, plus 0.3 additional metres distance for each 0.5 metres which the top edge of the swimming pool is above grade at the property line.
 - ii) Swimming pools to be constructed adjacent to street lines, shall be set back the same distance as the dwelling is required to be set back, as set out in this By-law.

- iii) Every in-ground and above ground swimming pool in a residential zone shall be enclosed by a fence of at least 1.5 metres in height and located at a distance of not less than 1 metre and not more than 5 metres from the inside edge of the pool.

- b) For any other use:

Distance from any street or other lot line shall be 15 metres. The distance referred to above shall be measured from the inside edge of the swimming pool.

3.68 Tennis / Sports Courts

A tennis or sports court is a permitted accessory use to a lot zoned for residential purposes subject to complying with the yard requirements for the zone and notwithstanding the maximum fence height, a tennis court fence may be up to 3 meters in height.

3.69 Tent and Trailers

Tents and trailers are not permitted in any zone as a principal use except where they are located within a commercial zone that permits tents or trailers or where a trailer is to be used as a temporary structure in connection with the construction of a permitted use.

3.70 Through Lot

Where a lot is a through lot, or where the front lot line of a lot is not determinable because of the lot or island configuration, the setback, frontage and front yard requirements contained herein shall apply on each road, or from each high water mark, in accordance with the provisions of the zone or zones in which such lot is situated.

3.71 Tourist Commercial Regulations

Notwithstanding the provisions of this By-law, the following special provisions shall also apply to new and expanding or enlarging Commercial (C1) and Tourist Commercial (C2) uses.

- a) Waterbody Size (Where Applicable)

Commercial (C1) and Tourist Commercial (C2) uses within the Municipality of McDougall, shall not be located next to lakes which are smaller than 20 hectares in surface area.

- b) Minimum Frontage on Navigable Water (Where Applicable)

The minimum frontage required for Commercial (C1) and Tourist Commercial (C2) uses shall be 100 metres (new only) or 2 metres for each person that can be accommodated (new and existing) or 30 metres for each 5 tent or trailer sites, whichever results in the greater requirement. For the purpose of this By-law, every bedroom will generate 2 persons and every tent or trailer site will generate 3 persons.

- c) Minimum Lot Size

The minimum lot size for Commercial (C1) and Tourist Commercial (C2) uses shall be one hectare (new only) or one-half hectare for each 20 persons (new and existing) that may be accommodated or fraction thereof; whichever results in the greater requirement. For the purpose of this By-law, every bedroom will generate 2 persons and every tent and trailer site will generate 3 persons.

- d) Parking

Each Commercial (C1) and Tourist Commercial (C2) use shall provide at least one parking space for each tent or trailer site, housekeeping cottage, motel, hotel or efficiency unit.

3.72 Trailers, Motorhomes or Tents

No person shall locate, place or use a trailer, camper trailer, motorhome, tent, recreational vehicle on any land as a principal or primary use except where such uses are permitted within a tourist commercial establishment that is specifically zoned for said uses, or where a trailer has been permitted as a temporary structure in connection with the construction of a permitted use. Any temporary structure so allowed shall not exceed 30 square metres and not be allowed for more than 18 months.

3.73 Unzoned Lands

Any lands illustrated on Schedule 'A' to this By-law without a reference to a zone symbol shall be deemed to be zoned Rural (RU) and all applicable provisions of this zone shall apply. Any islands without reference to a zoning symbol shall be deemed to be zoned WF6.

3.74 Use for Hazardous Purpose

No land, building or structure shall be used for such Commercial or Industrial purpose as is likely to create a public nuisance or danger to health or danger from fire or explosion, except in accordance with the provisions of or regulations under The Gasoline Handling Act or the Explosive Act.

3.75 Use of Vacant Lands

No vacant lands shall be used for the purpose of the storage of motor vehicles, machinery, materials or equipment, trailers or other similar objects which are not incidental to the expeditious construction of a building on such lands, and where otherwise specifically permitted by the provisions of this By-law.

3.76 Waste Disposal Site To Be Set Back

Notwithstanding the provisions of this By-law, a waste disposal site must be separated from any standing body of water in excess of 20 hectares of surface area and rivers or creeks a minimum of 150 metres or 90 metres in the case of an engineered or lined landfill site.

3.77 Width Restrictions

In the case of a lot zoned WF1 to WF6 inclusive, notwithstanding the side yard requirements of this by-law, the aggregate width of all buildings parallel to the front lot line or the chord of the front lot line shall not exceed a dimension greater than 50 percent of the lot frontage except that accessory buildings located more than 5 metres behind the rear line of the main building and the portion overlapping buildings and structures are not to be included in this calculation.

3.78 Wind Generation

- i) One wind turbine, including supporting tower base and foundation is permitted on a lot within a residential or commercial zone. A wind turbine is an accessory use and may only be established on a lot where the main use of the lot is established.
- ii) The minimum lot area for one wind turbine installation is 2 hectares, except in the case of single ownership island in which case the minimum lot area shall be 0.8 hectares.
- iii) The minimum distance of a wind turbine to any lot line, other than a public or private road and a shoreline, is 5 times the diameter of the wind turbine rotor. The required distance shall be measured from the outer edge of the blade swept area.
- iv) The minimum distance of a wind turbine to any dwelling unit, located on any lot other than the lot where the wind turbine, is located is 200 metres.
- v) The minimum distance of a wind turbine to a public or private road is equal to the height of the wind turbine tower measured from the ground elevation at the base of the tower to the centre of the rotor (hub).

- vi) The minimum distance of a wind turbine from the highwater mark of a navigable waterway is 30 metres.
- vii) The maximum height of a wind turbine tower is 17 metres. Height is measured from the ground elevation at the base of the tower to the tip of the rotor at its highest position.
- viii) The maximum rated electrical power of one wind turbine is 10KW.

3.79 Yard and Setback Encroachments Permitted

a) Ornamental Structure

Notwithstanding the yard provisions of this By-law, sills, belt courses, chimneys, cornices, eaves, gutters, parapets, pilasters or other ornamental structures may project into any required yard a maximum distance of 1 metre.

b) Accessory Structure

Notwithstanding the yard provisions of this By-law, drop awnings, clothes poles, flag poles, garden trellises, fences, retaining walls, signs, or similar accessory structures shall be permitted in any required yard.

c) Unenclosed Porch, Balcony, Patio, Steps or Deck

Notwithstanding the yard provisions of this By-law, an attached unenclosed porch, balcony, patio, steps or deck may project into any required yard a maximum distance of 4 metres if it is not covered and 2.0 metres if it is covered and provided that at least a 2 metre yard is maintained and further provided that in the case of a porch, balcony, deck or steps such uses are not more than 2 metres above the average grade.

d) Railway Spur in Industrial Zone

Notwithstanding the yard provisions of this By-law, in an Industrial Zone a railway spur shall be permitted within any required yard or in the area between the street line and the required setback.

e) Gate House

Notwithstanding the yard provisions of this By-law, in an Industrial Zone, a gate (guard) house shall be permitted in a front or side yard in the area between the street line and the required setback.

f) Building in Built-up Area

Notwithstanding the provisions of this By-law, where a detached dwelling house or accessory use thereto is to be erected in a built-up area where there is an established building line, such dwelling unit or accessory use may be erected closer to the street line or the centre line of the road or street, as the case may be, than required by this By-law provided such dwelling house or accessory use is not erected closer to the street line or to the centre line of the road or street, as the case may be, than the established building line on the date of passing of this By-law.
